10th Annual Charity Day June 21st

Cycle Three students in Buckingham Elementary School proudly announce that the 10th annual Charity Day will take place this **Thursday, June 21st** from 1:00 – 2:00 pm.

The students from the grade 5 and 6 classes have planned a fun-filled event to support their chosen charity **Ovarian Cancer of Canada**.

During Thursday afternoon all students will gather with their teachers outside on the senior playground to participate in the events.

Each event costs 25c.

Please ensure that your child has some coins so that he/she can join in on the fun while raising money for a great cause.

Please note that our charity day event is an event that is planned by the senior students for the enjoyment of their younger friends and is a student only event.
